

## **MOTA-ENGIL INFORMS ON THE AWARD OF CONTRACTS IN UGANDA AMOUNTING TO 261 MILLION USD**

MOTA-ENGIL S.G.P.S., S.A. ("MOTA-ENGIL") informs that its affiliate MOTA-ENGIL UGANDA, LIMITED has been awarded a contract worth 162.4 million USD.

The above-mentioned contract, one of three already awarded to MOTA-ENGIL under the Tilenga Upstream Development project for the client TotalEnergies, project comprised in the most significant investment programme to take place in Uganda in the energy sector, corresponds to a phase called "Site for Preparing Infrastructure – Wellpads".

In addition to the contract above mentioned, two other contracts were also awarded in the same project, by TotalEnergies for the "Site preparation for Enabling Infrastructure – Industrial Area", in the amount of 37.9 million USD and by TotalEnergies' EPC, McDermott in consortium with Sinopec, for the "Upstream Facilities - General Civil Works" phase, in the amount of 60.3 million USD.

With these awards, the GROUP sees its performance in the energy infrastructures sector recognised and its order book strengthened in the region with contracts worth 261 million USD for one of the most relevant players in that sector in the world and namely in Africa.
