MOTA-ENGIL ANNOUNCES CONTRACT EXTENSION IN NIGERIA WORTH USD 655 MILLION AND AWARD OF A NEW CONTRACT IN PERU WORTH USD 140 MILLION

MOTA-ENGIL S.G.P.S., S.A. (MOTA-ENGIL) hereby announces that the contract currently being executed by its subsidiary MOTA-ENGIL NIGERIA for the construction of the Kano-Maradi railway line has been extended by the Nigerian Federal Ministry of Transportation by approximately USD 655 million.

Furthermore, MOTA-ENGIL announces that its subsidiary MOTA-ENGIL PERU S.A. has been awarded a new contract by Aeropuertos Andinos del Perú S.A. for the execution of the main works at Juliaca International Airport "Inca Manco Cápac" in Peru.

The above-mentioned contract, with a total amount that may reach USD 140 million, has an estimated duration of approximately 590 days and includes the reconstruction and rehabilitation of the airside pavements of the airport's 4,200-metre main runway, taxiways and aircraft apron. The construction works will be carried out while the airport remains operational, thereby ensuring the continuity of airport activities.

As a result, the above-mentioned contract extension and new award will increase the Group's backlog by approximately €685 million, further strengthening its presence in the transport infrastructure sector across both Africa and Latin America, while once again demonstrating its ability to deliver projects that are essential to the development of the countries in which it operates.
